EVERGREENS

Evergreens are the dominant specialty of Little Tree Farms. We offer here time-tried, popular varieties of established merit. Each is a quality plant several times transplanted and each is sold with a large ball of native loam, burlap-wrapped about the roots (B&B). The evergreens listed represent only part of the many choice varieties and sizes growing in Little Tree Farms' 200 acre nurseries.

Abies

THE FIRS

These extremely hardy evergreens supply grace and luxuriant softness in landscape planting, together with symmetry of shape and varied color tone. The very best of the firs for ornamental and protective planting are here offered. It pays to buy the best.

ABIES CONCOLOR Silver Fir

The Silver (often called White Fir) has exquisite, silvery-toned foliage, soft in texture. Its habit of growth is erect and the broad graceful branches are very decorative. This vigorous, healthy Fir is always a favorite.

The plants offered are exceptionally fine and we enthusiastically recommend them for ornamental use, bordering paths or drives, for single lawn specimens, and in park and woodland groups.

Height	Each
2 to 3 feet	\$ 2.50
3 to 4 feet	3.50
4 to 5 feet	4.50
5 to 6 feet	6.00
6 to 7 feet	8.50
7 to 8 feet	11.00
8 to 10 feet	16.00
12 to 14 feet	30.00
14 to 16 feet	35.00
16 to 18 feet	45.00
18 to 20 feet	60.00
20 to 25 feet	75.00

PSEUDOTSUGA DOUGLASI Douglas Fir

Its beauty is difficult to exaggerate and its extreme hardiness, adaptability to a variety of soils and sun and shade have rightfully won for it the title, "The All-round Evergreen." Because of its health and vigor, it thrives better than other evergreens in partial shade. Use alone or in small groups on the lawn. Valuable for hedges, screens, and borders.

Height	Each
3 to 4 feet	\$ 3.75
4 to 5 feet	5.00
5 to 6 feet	6.50
6 to 7 feet	8.50
7 to 8 feet	11.00
8 to 10 feet	14.00

18 to 20 feet	50.00

Chamaecyparis (Retinospora)

THE CYPRESSES

A noble family of highly ornamental evergreens with beautiful feathery, almost fern-like, foliage and irregular plume-like ascending branches curving slightly at the tip.

CHAMAECYPARIS OBTUSA COMPACTA NANA

Dwarf Football Cypress

Exceptionally dwarf compact growth. Dark lustrous green foliage. Lovely for cemeteries, rock gardens, window boxes, small tubs, and foreground of evergreen groups.

Height	Each
8 to 10 inches	\$ 2.25

CHAMAECYPARIS PISIFERA FILIFERA Thread Cypress

A Cypress completely different from all other Evergreens in its elongated, pendulous branches. The deep olive-green foliage is very fine and thread-like. Very hardy.

Height	Each
2 to 3 feet	\$ 4.50

CHAMAECYPARIS PISIFERA PLUMOSA Plume Cypress

Handsome and distinctive. Of dense conical habit with ascending branches and slender feather-like branchlets. Foliage bright green.

Height	Each
18 to 24 inches	\$ 2.00

CHAMAECYPARIS PISIFERA PLUMOSA AUREA

Golden Plume Cypress

A bright golden form of the Plume Cypress.

Height	Each
18 to 24 inches	\$ 2.00

EVERGREENS

Juniperus

THE JUNIPERS

The Junipers hold a unique place in our landscape art, furnishing for this country the exquisite outline in medium scale which the classic Cypress and the ancient Cedars gave to the gardens of the Old World.

JUNIPERUS CHINENSIS

Chinese Juniper

A splendid hardy evergreen of erect conical shape. Gray-green foliage. Valuable in evergreen group plantings.

Height	Each
5 to 6 feet	\$ 6.00
6 to 7 feet	7.50

JUNIPERUS CHINENSIS PFITZERIANA

Pfitzer Juniper

A choice semi-dwarf evergreen with spreading fan-like branches. The foliage is soft and of fine, rich blue-green color. Very hardy.

Height	Each
15 to 18 inches	\$ 2.00
18 to 24 inches	2.75

JUNIPERUS EXCELSA STRICTA

Spiny Greek Juniper

A fine slow-growing, compact, cone-shaped Juniper with rather prickly foliage of rich, blue-green. A choice variety for accents, foundation work, or formal planting.

Height	Each
15 to 18 inches	\$ 1.75
18 to 24 inches	2.50

JUNIPERUS COMMUNIS SUECICA

Swedish Juniper

Slender compact spires with neat feathery blue-green foliage. Very effective in contrast with spreading evergreens.

Height	Each
18 to 24 inches	\$ 2.00
2 to 3 feet	2.50

JUNIPERUS HORIZONTALIS

Creeping Juniper

A very prostrate type with long trailing branches. Blue-green foliage. Excellent for rock gardens and bank plantings.

Spread	Each
12 to 18 inches	\$ 1.75
18 to 24 inches	2.75

JUNIPERUS HORIZONTALIS PLUMOSA

Andorra Juniper

Low-growing. Blue-gray foliage. Excellent for foreground of group plantings and for rock gardens and banks.

Spread	Each
18 to 24 inches	\$ 2.75

JUNIPERUS VIRGINIANA CANNARTI

Cannart Red Cedar

Erect slender pyramidal shape. Rich green foliage. Valuable to accent group plantings.

Height	Each
3 to 4 feet	\$ 4.50

JUNIPERUS VIRGINIANA

Red Cedar

This tall narrow Juniper is supreme for home decoration, formal or naturalistic. For planting about the house, and for paths and drives, it has no substitute. Its slender spire is clothed in feathery foliage which greets the autumn with a starring over of light blue berries. And for a culminating charm, each Juniper varies subtly from all its fellows in tone, texture, and fruiting habit.

Height	Each
5 to 6 feet	\$ 5.00
6 to 7 feet	6.25
7 to 8 feet	8.00
8 to 10 feet	11.00
10 to 12 feet	14.00
12 to 14 feet	18.00
14 to 16 feet	21.00
16 to 18 feet	25.00
18 to 20 feet	30.00

Picea

THE SPRUCES

A noble family of conifers, pyramidal in form, of massive structure and extremely rugged constitution. An erect conical shape and stiff horizontal, or slightly drooping, branches are characteristic of this species. Very valuable in all types of decorative landscaping.

PICEA CANADENSIS

White Spruce

White Spruce, native of northern colder parts of America, combines great vigor and wide usefulness with marvelous beauty and distinction. It is a rapid grower, extremely hardy, and very long lived.

Excellent for lawn specimens, for planting at drives and entrances, for tall screens and hedges.

Height	Each
18 to 24 inches	\$ 2.00
3 to 4 feet	3.50
8 to 10 feet	14.00
10 to 12 feet	18.00
12 to 14 feet	25.00
14 to 16 feet	30.00
16 to 18 feet	40.00
18 to 20 feet	50.00
20 to 25 feet	60.00
25 to 30 feet	75.00

PICEA ENGELMANNI

Engelmann Spruce

A rare Rocky Mountain species of unusual beauty of form and color. Dense pyramidal shape. Blue-green color. Grows slowly. Excellent for specimen or group planting.

Height	Each
6 to 7 feet	\$ 7.25
7 to 8 feet	9.50
8 to 10 feet	13.50
10 to 12 feet	18.00
12 to 14 feet	22.50
14 to 16 feet	30.00
16 to 18 feet	40.00

Evergreens make beautiful backgrounds for perennial gardens and borders.

An evergreen garden furnishes all-year-round beauty

PICEA EXCELSA

Norway Spruce

A handsome sturdy evergreen, very rapid growing. For this reason it is used extensively in windbreak plantings, as well as for purely decorative purposes. Dense dark green foliage on graceful branches.

Height	Each
10 to 12 feet	\$12.50
12 to 14 feet	15.00
14 to 16 feet	18.00
16 to 18 feet	22.50
18 to 20 feet	27.50

PICEA PUNGENS

Colorado Spruce

Magnificent in health, vigor, and hardiness. The Colorado Spruce is also one of the most strikingly beautiful and effective of ornamental evergreens. The color varies from clear green to bluish-green.

Height	Each
2 to 3 feet	\$ 2.25
3 to 4 feet	3.50
4 to 5 feet	4.50
5 to 6 feet	6.50
6 to 7 feet	8.50
7 to 8 feet	11.00
8 to 10 feet	16.00
10 to 12 feet	22.50
12 to 14 feet	27.00
14 to 16 feet	35.00
16 to 18 feet	45.00

PICEA PUNGENS GLAUCA

Blue Colorado Spruce

This spruce is the bluest variant of the Colorado Spruce—the tree you mean when you ask for a “Blue” Spruce. The fine specimens here offered have a beautiful silvery-blue color.

Height	Each
2 to 3 feet	\$ 3.25
3 to 4 feet	4.50
4 to 5 feet	6.25
5 to 6 feet	9.00
6 to 7 feet	12.00
7 to 8 feet	16.00
8 to 10 feet	21.00
10 to 12 feet	30.00
12 to 14 feet	40.00
14 to 16 feet	50.00
16 to 18 feet	70.00
18 to 20 feet	85.00
20 to 25 feet	100.00

Pinus

THE PINES

This group, the largest and most important of all the evergreen families, contains some seventy different species. Theirs are the lines that give the distinctive aspect of freedom and grandeur to our northeastern landscapes.

PINUS CEMBRA

Swiss Stone Pine

A rare, slow-growing, semi-dwarf Alpine evergreen with deep green needles, silvery underneath. Similar in many ways to the White Pine, but of smaller shapelier form.

Height	Each
3 to 4 feet	\$5.00
4 to 5 feet	6.50
5 to 6 feet	8.00
6 to 7 feet	10.00
7 to 8 feet	12.00

EVERGREENS

Don't Starve Your Plants—Feed Them with a Reliable Plant Food.

PINUS DENSIFLORA

Japanese Red Pine

Bushy, robust habit of growth. Bright green foliage, very picturesque.

Height	Each
3 to 4 feet	\$ 4.00

PINUS FLEXILIS

Limber Pine

A beautiful Pine of wonderful color and distinctly picturesque appearance. Very hardy. Limber Pines closely resemble the White Pines and can be used in much the same way,—in the background to give variety in group plantings, for tall screens and masses, and for single specimens on spacious lawns. For New England and New York only.

Height	Each
8 to 10 feet	\$10.00
10 to 12 feet	15.00
12 to 14 feet	20.00
14 to 16 feet	25.00
16 to 18 feet	32.50
18 to 20 feet	40.00

PINUS MONTANA MUGHUS

Dwarf Mountain Pine

Often called Mugho Pine. One of the hardest and best dwarf evergreens. It grows slowly and compactly.

Spread	Each
15 to 18 inches	\$ 2.50

PINUS RESINOSA

Red Pine

This magnificent evergreen, also called Norway Pine, is the most beautiful and valuable of the hard Pines. Healthy and long-lived. Vigorous and adapted to adverse conditions. Red Pine stands complete exposure, seashore conditions and poor soils.

Height	Each
2 to 3 feet	\$ 2.75
4 to 5 feet	6.50
16 to 18 feet	32.00
18 to 20 feet	40.00
20 to 25 feet	50.00
25 to 30 feet	65.00
30 to 35 feet	80.00

PINUS STROBUS

White Pine

For sheer breath-taking beauty there is no tree like the White Pine. Its towering size and ample spread in maturity, its rich fragrance, its lovely, soft density in youth, and its deep, clear color always make this the most appreciated of all evergreens for garden backgrounds, home groves, and plantings along drives and paths.

Height	Each
14 to 16 feet	30.00
16 to 18 feet	40.00
18 to 20 feet	50.00
20 to 25 feet	60.00
25 to 30 feet	70.00
30 to 35 feet	90.00

If you have planting problems write us about them, or better still, drive out and talk them over with one of our landscape men.

Taxus

THE YEW

Aristocrat among all evergreens is the Yew, one of the oldest, toughest, longest-living trees known to man. The foliage is typically dark, almost black, with a silky, waxy sheen that gives a peculiarly rich effect.

TAXUS CUSPIDATA

Spreading Japanese Yew

A very fine Yew of spreading form which grows broad rather than tall. Long lived and readily adapted to a wide variety of uses, there is no better evergreen for foundation planting, for the small lot, for the formal garden and for cemetery planting.

Spread	Each
15 to 18 inches	\$ 4.00
2 1/2 to 3 feet	6.00

TAXUS CUSPIDATA CAPITATA

Upright Japanese Yew

A more upright growing form of this wonderful evergreen. Use freely, singly, or in group plantings. Excellent for low compact hedges.

Height	Each
15 to 18 inches	\$ 2.50
2 to 2 1/2 feet	5.00
2 1/2 to 3 feet	7.00
3 1/2 to 4 feet	10.00
4 to 5 feet	15.00
5 to 6 feet	20.00

TAXUS CUSPIDATA NANA (BREVIFOLIA)

Dwarf Japanese Yew

A smaller, slower-growing form of the Japanese Yew, with a decidedly Japanese shape and velvety dark green needles. Ideal for gardens, rock gardens and foundation plantings.

Height	Each
15 to 18 inches	\$ 3.50
18 to 24 inches	5.00
2 to 2 1/2 feet	10.00

TAXUS CUSPIDATA NANA ERECTA

Dwarf Upright Yew

An upright-growing dwarf form. Excellent for foundation planting and for cemetery use.

Height	Each
15 to 18 inches	\$ 2.75
18 to 24 inches	3.75

TAXUS MEDIA HATFIELDI

Hatfield Taxus

A narrow upright evergreen for accents and narrow hedges.

Height	Each
18 to 24 inches	\$ 4.00
2 to 3 feet	5.00

Special low prices will be quoted on carload and truck lots of large evergreens. Let us know what you need.

Thuya

THE ARBORVITAE

Most frequently planted of all evergreens is the Arborvitae or "Tree of Life." Its beautiful bright green color combined with its longevity makes this name particularly fitting.

The best varieties for this climate are offered here at Little Tree Farms. Use these Arborvitae freely in your planting. They are very handsome and are adaptable to many conditions.

THUYA OCCIDENTALIS

American Arborvitae

Arborvitae will thrive in almost any location. The plants become very dense if pruned lightly and can be shaped to fit any formal treatment. Untrimmed they are indispensable in border and group plantings. Ideal for close-clipped hedges and for boundaries and backgrounds. Little Tree Farms' Arborvitae are known for their fine compact root system and their full-foliaged shapely tops.

Height	Each
2 to 3 feet	\$ 2.00
3 to 4 feet	3.00
4 to 5 feet	4.00
5 to 6 feet	5.00
7 to 8 feet	8.00
8 to 10 feet	9.00
10 to 12 feet	14.00
12 to 14 feet	18.00
14 to 16 feet	22.00
16 to 18 feet	28.00
18 to 20 feet	40.00
20 to 25 feet	55.00

THUYA OCCIDENTALIS COMPACTA

Globe Arborvitae

A rather slow-growing, extremely compact rounded form. Excellent for low foregrounds, for foundation groups or potting.

Height	Each
15 to 18 inches	\$ 1.75

THUYA OCCIDENTALIS ELEGANTISSIMA

Goldentipped Arborvitae

Semi-dwarf conical shape Arborvitae. Foliage rich dark green with light golden nodules on the tips of the branches.

Height	Each
18 to 24 inches	\$ 1.75
2 to 3 feet	2.75

THUYA OCCIDENTALIS NIGRA

Dark American Arborvitae

Improved strain. Narrow, compact growth. Dark green foliage.

Height	Each
2 to 3 feet	\$ 2.00
3 to 4 feet	3.00

THUYA OCCIDENTALIS WAREANA

Siberian Arborvitae

A dense pyramid of medium height and fine color. Slow growing. A very fine subject for foundation work and general planting.

Height	Each
6 to 7 feet	\$ 7.50
7 to 8 feet	9.50

Evergreens are priced f.o.b. our nursery. Packing for rail shipment extra at cost

EVERGREENS

Tsuga

THE HEMLOCKS

A wonderfully graceful evergreen is this "Lady of our woods" with richly toned foliage and wide spreading, drooping boughs. The needles of rich, dark green, lined with silver, are short and blunt and are carried horizontally on slender branchlets, giving the entire tree the lightness and charm peculiar to this species.

TSUGA CANADENSIS Canada Hemlock

There is probably no evergreen more graceful than the Canadian Hemlock. Its use in landscape planting ranges all the way from potted

decorative plants, on steps or terraces, to forest planting in cold or damp "gorges." It adapts itself perfectly to all these so different purposes, and adds beauty to every spot it inhabits. It merely thickens its mass, holding serenely to the place assigned to it, whether in a foundation planting or a hedge. Little Tree Farms' Hemlocks are superior plants.

Height	Each
18 to 24 inches	\$ 1.50
2 to 3 feet	2.50
3 to 4 feet	3.50
4 to 5 feet	6.00
5 to 6 feet	8.00
6 to 7 feet	10.00
8 to 10 feet	18.00
10 to 12 feet	25.00
12 to 14 feet	35.00
14 to 16 feet	45.00

ACTIVITIES IN THE BIG GLASS HOUSE

LITTLE TREE FARMS

PLEASANT STREET, FRAMINGHAM CENTRE, MASS.

PLANT MATERIALS

There are always plants for sale in The Big Glass House. Cheerful, brilliant bulb-flowers; all the familiar blossoming house plants, and many unusual ones; trailing and foliage plants; queer succulents and decorative cacti. And in spring, summer, and fall, every type of fine nursery stock is available at the Glass House.

GARDEN REQUISITES

The very name "garden requisites" brings something different to everybody's mind. Yet, no matter whether you are thinking of garden furniture, gazing globes, bird baths, tools, window boxes, fountains, flagstones, fertilizers, sprinklers, or a hundred feet of hose; you will find just what you are looking for in The Big Glass House.

GARDEN GIFTS

There are literally thousands of them in The Big Glass House. No matter what the season, you may find many appropriate things to bring pleasure to a member of the family, or a garden-minded friend. No matter how much or how little you wish to spend, you will be sure to see something that just fits the occasion.
